Location: Junagadh, Gujarat – 362002 | LinkedIn: linkedin.com/in/dhruvdc-1625dc

PROFESSIONAL SUMMARY

IT postgraduate with practical knowledge gained through academic projects, training, and hands-on experience. Focused on applying learned concepts to real-world situations, understanding practical challenges, and gaining experience through continuous learning and practical work.

TECHNICAL SKILLS

- **Programming Languages:** Python, PHP, JavaScript, BASH Script
- **Database Management:** MySQL, SQLite
- **Web Technologies:** HTML5, CSS3, Bootstrap, Django, WordPress
- **Networking & Security:** Networking Fundamentals, Cyber Security Basics, Vulnerability Assessment, Network Protocols
- **Tools & Operating Systems:** MS Word, MS PowerPoint, MS Excel, Windows, Linux (Ubuntu/Kali)

PROFESSIONAL EXPERIENCE

Cyber Security Internship | ***Jyesta Corporate Entity*** | **Feb 10, 2026 – Apr 10, 2026**

Completed a cybersecurity internship covering networking, information security, vulnerability assessment, threat analysis, and security audits. Gained practical experience with security testing tools, data protection, and system hardening.

PROJECTS

1.Infosys College Management System (PHP, MySQL, HTML/CSS, Bootstrap) — Developed a web-based system to manage student records, faculty details, courses, attendance, and examination results. Designed the MySQL database and created a responsive Bootstrap interface with role-based access for administrative and student users.

2.Digital Cart E-Commerce Website *(*Python, Django, MySQL, JavaScript*)* — Developed a Django-based e-commerce website with product management, customer authentication, order processing, and shopping cart functionality.
Integrated MySQL for product and user data management and implemented secure session handling with a responsive interface.

3. Password Strength Analysis and Security Advisor (Python, Django, MySQL, HTML, CSS, JavaScript) — Developed a web-based application to analyses password strength, estimate password cracking time, check password security, and generate strong passwords. Integrated MySQL for data management and designed a user-friendly interface.

EDUCATION

Master of Science in Information Technology (Cyber Security & Forensic)
July 2025 to Present, Parul University
Scored: 7.82 CGPA

Bachelor of Computer Application
July 2022 to June 2025, SSSDIIT College (BKNMU)
Scored: 8.06 CGPA

CERTIFICATIONS & WORKSHOPS

- Cyber Security Analyst Job Simulation
- Cyber Security Job Simulation
- Cyber Security Course & Training
- Cyber Security Workshop
- 4-Days Bug Bounty Bootcamp Workshop
- 3-Days Cyber Security Workshop
- 5-Days Practical Hacking Workshop
